EXPERIENCE

- Year 2 at SETEC Institute | 2024 - 2025

- Year 2 – Final Project Exam: Collaborated with a team to build an advanced e-commerce website, integrating APIs for productmanagement and user authentication. Contributed to creating interactive and responsive UI/UX, providing a smooth shoppingexperience. This project enhanced my teamwork, collaborationand practical web development skills.
- Year 2 – Midterm Project Exam: Independently developed ane-commerce website using React.js, Tailwind CSS, andTypeScript. Designed and implemented responsive product pages

and user interfaces, managing all aspects of the project alone. This project helped me strengthen my front-end development skills and ability to work independently.

- Year 1 at SETEC Institute | 2023 - 2024

- Year 1 – Final Project Exam: Completed another individual front-end project, enhancing the design and functionality of an e-commerce website. Focused on improving user experience, layout, and interactivity, which strengthened my HTML, CSS, and JavaScript skills.
- Year 1 – Midterm Project Exam: Independently built a front-end e-commerce website using HTML, CSS, and JavaScript. Designed user interfaces and product pages while learning the basics of responsive web development and improving problem-solving skills.

- Freelance Graphic Designer (A few months) | 2023-2024

- Designed logos, posters for food and drinks, and T-shirt graphics for clients. Managed projects independently, delivered on time, and improved skills in branding and visual design
