EXPERIENCE

- Year 2 at SETEC Institute | 2024 - 2025

• **Year 2 – Final Project Exam** : Collaborated with a team to build an advanced e-commerce website, integrating APIs for product management and user authentication. Contributed to creating an interactive and responsive UI/UX, providing

a smooth shopping experience. This project enhanced my teamwork, collaboration, and practical web development skills.

• **Year 2 – Midterm Project Exam :** Independently developed an e-commerce website using React.js, Tailwind CSS, and TypeScript. Designed and implemented responsive product pages and user interfaces, managing all aspects of the project alone. This project helped me strengthen my front-end development skills and my ability to work independently.

- Year 1 at SETEC Institute | 2023 - 2024

• Year 1 – Final Project Exam: Completed another individual front-end project, enhancing the design and functionality of an e-commerce website. Focused on improving user experience, layout, and interactivity, which strengthened my HTML, CSS, and JavaScript skills.

• Year 1 – Midterm Project Exam: Independently built a front-end e-commerce website using HTML, CSS, and JavaScript. Designed user interfaces and product pages while learning the basics of responsive web development and improving problem-solving skills.

- Freelance Graphic Designer (A few months) | 2023-2024

• Designed logos, posters for food and drinks, and T-shirt graphics for clients. Managed projects independently, delivered on time, and improved skills in branding and visual design
